Aspiring cartoonists and seasoned professionals all face the same problem: coming up with a steady stream of jokes for their drawings. But there's a science to funny art, and this book's complete course shows just how to create comic panels and strips that get laughs, setup right through to punch lines. The essential tools of joke writing are outlined: visual stereotypes of comic teaming (fat/skinny, short/tall): setting up a character's agenda, then putting up obstacles to create conflict ...
