Towards a New Political Economy of Climate Change and ... Towards a New Political Economy of Climate Change and Development Thomas Tanner and Jeremy Allouche\* Abstract In this article, the authors propose a new political economy of climate change and development in which explicit attention is given to the way that ideas, power and resources are conceptualised, negotiated and implemented by different groups at different scales. The climate change and ... Theories and Issues in International Political Economy (PO942) The module aims to provide robust and critical knowledge of key concepts and issues in International Political Economy, ranging from mainstream concerns like Trade and Finance, through to more critical issues like the Environment or Resistance. The module aims to develop an ability to analyse, compare and critically evaluate fundamental assumptions and arguments in IPE and IPE-related literature.
